Continuation of the VAP Project

Young people are misunderstood, misrepresented and without a voice. This unique programme will provide you with key skills for confidence, knowledge and making your mark positively in society. These are interactive, fun sessions packed with role plays and discussions with the end result of delegates who come out enlightened, confident with clearer ambitions about their future and with the real passion to speak for themselves. Be part of the programme and carve out your own identity; unique and focused; can you afford not to be part of this life changing experience??

Shifa Trust have partnered with Muslimah to deliver this exciting and much needed programme. Muslimah Ltd is a training, development and implementation consultancy that supports the needs and desires of strategic decision makers in local, regional and national settings; within the UK and Europe. They have extensive experience of working with and supporting young people.

To take part in this programme complete the form below. Applications are open to all young men aged 15 to 19 years of age. Apply now as places are limited! Sessions will take place on Fridays from 6.30pm to 9pm and will begin on the 4th February 2011. Please note the sessions are FREE although the young people will be requested to contribute to trips and a refundable deposit.
